

Spray Application Equipment Best Management Practices

Sponsored by the Washington Association of Wine Grape Growers

Friday, March 31, 2017

Terra Blanca Winery | 34715 Demoss Rd | Benton City, WA

Bella Vista Room and Tuscan Ballroom

8:00 AM - 5:00 PM | Doors open at 7:30 AM

\$55.00 for Members* and \$70 for Non-Members

This workshop is intended for individuals who perform airblast sprayer calibration. Participants will be provided with information and tools necessary to skillfully calibrate and configure a pesticide sprayer consistent with its intended use (e.g., tree structure, canopy size, time of season), to increase product deposition, and to reduce drift. Participants will gain hands-on experience by using actual application equipment during a mock calibration.

- Participants will learn calibration formulas for airblast sprayer calibration
- Participants will be introduced to a new technology for calibration
- Participants will be introduced to a new technology for application equipment configuration/optimization
- Participants need a warm coat and other appropriate attire for outside class work
- The workshop is taught in Spanish. English language class is available if at least 15 registrants request it by **March 16**
- Minimum number for class to proceed is 30 with a max capacity of 60
- Deadline to register is Monday, March 24, **no refunds issued after March 16**
- All day coffee, morning pastries, and lunch are included in registration fee
- *All employees of a paid 2017 WAWGG member receive the member rate for this training
